

**FRIENDS OF BARKER LIBRARY
7 DAY STREET
FREDONIA, NY 14063**

The support of community members for the Friends of Barker Library was appreciated more than ever in 2020. Like everyone, public libraries have faced changes to the normal routine. In the past year, library director Sara Hart and the library staff stepped up to the challenge of finding creative and effective ways to continue services to the community while also working to keep everyone safe. Your recognition of the importance of public libraries has been an integral part of making this ongoing task possible. Our 181 membership contributions plus gift donations totaled \$8775 in 2020, which helped the library director and staff with both general and Covid-19 related needs.

Covid-19 related expenses:

- Ultra Violet Air Purification System
- Alcohol for sanitizing books and surfaces
- Plexiglass protector shields
- Face masks for adults and children
- Fans
- Zoom fee for virtual program capability
- Laptop for virtual programs
- Five educational and entertainment programs for children presented in a virtual format due to Covid-19 restrictions

Other things we funded:

- Supplies for story times and special programs
- Virtual Reality System
- Laser Jet Printer
- Broadband Service renewal

Check out the Friends page on the library's website at barkerlibrary.org for our 2020 Annual Reports showing how your donations have enhanced Barker Library. You can find us under MENU/About Us. With economic and pandemic uncertainty continuing in our region, we hope you will join us in our effort to assist the Library in its public mission by providing free educational services and materials for community use.
