Museum Curator Report:

Maxwell reported he was able to digitize all Fredonia Censor, Advertiser, Civil War records related to Fredonia information and post it on the Museum website.

John Lowther will install shelving and materials needed to provide storage for textiles and other items. He is donating his time and materials. The wall brackets will be adjustable for shelves to be placed on. Load bearing shelves placed on the wall's upstairs are approved for use.

Tod Langworthy spoke to Maxwell about the Museum participating in History Days on July 9 and 10 this summer. Displays and demonstrations can be used for this purpose under our tent.

The Museum opening will be moved up to July 9 to coincide with the History Days celebration. The exhibits will be worked on to be ready for this date.

A new display case in memory of Doug Shepard was purchased with monies donated to the Museum in his memory.

Respectfully submitted,

Michelle Twichell

DRBLMA Secretary
